

Year 2: Fire! Fire!

Our theme this term is 'Fire! Fire!' The subject web below shows some of the main areas of learning that will be covered in our class.

Art/DT

As Artists, Year 2 will be recapping their skills of sketching as well as developing their skills of mark marking and shading.

In DT children will be exploring mechanisms such as axis and axels. This will take the shape of designing and producing our very own toy cars.

History

As Historians, Year 2 will be studying events beyond our living memory. This takes the form of The Great Fire of London. We will be looking at how the fire started, what happened on different days of the fire and how we now remember the fire.

Geography

As Geographers, Beech class will be revisiting and recapping physical and human features. We will also be studying London and locating the capital cities of the UK.

Science

As scientists, Year 2 will be building on their knowledge of living things and their habitats. This includes understanding what makes something alive and studying different habitats both local and around the world.

PSHCE

In class 2, we will be learning about ourselves and what makes us unique. We will be looking at important people in the community and who can help us if we are in trouble.

Computing

Year 2 will be studying laptops and what makes something portable. The will look at the components of a laptop and how to use them.

RE

In RE, children will studying Christmas and why it is important to Christians. This will involve understanding the nativity story as well as Christian concepts such as 'incarnation'

Music

In music, Year 2 will be learning about tempo and beat. This will involve learning new songs as well playing along with familiar songs.

English

In English, children will focusing on the books 'way home for wolf' and 'The diary of a killer cat.' We will be using these books as a basis for many of our writes including, poems, diary entries and narratives.

Mathematics

This term we will be looking at the concepts of place value, addition and subtraction.

We will look at counting numbers up to 100, using column addition and subtraction as well as solving problems.

Be the best you can be; together we grow from acorns to oaks, flourishing in God's love.
