

Helping all children
to become **caring**,
confident and
curious young

Volcanoes

Our value this term

Respect

Our vision

Be the best you can be; together we grow from
acorns to oaks, flourishing in God's love.

English

Our focus texts for this term are
Escape from Pompeii by Christina Balit and **The Land of Roar** by Jenny McLachlan.
We will write poems, letters, diary
entries, newspaper reports,
character and setting descriptions,
narratives and instructions. We
will learn how to use similes and
fronted adverbials and we will
start to use inverted commas to
introduced speech.
Our guided reading text this term
will be **The Butterfly Lion** by
Michael Morpurgo.

PSHE

This term we will be learning about ourselves
and our relationships, and valuing difference
between ourselves and our peers.

ICT

Our first unit for ICT will be E-safety where we
will learn about how to stay safe online, and
what we should do if we are worried about
something. We will then study coding, where
we will learn how to create, debug and test
code in order to design and make our own
interactive screen.

RE

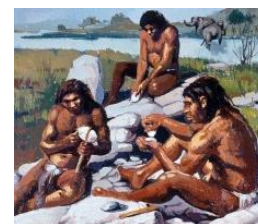

During the first part of the term, we will be
exploring the question 'What do Christians
learn from the creation story?'
In the second half of the term, we will be
thinking about the question 'What kind of
world did Jesus want?'

Music

This term will begin with Ukulele sessions.

For the second part of the term, our learning will be
focused around the song '**Let Your Spirit Fly**' by Joanna
Mangona.

Stone Age, Bronze Age, Iron Age

Maths

We will begin this term by learning about **place value** where we will read and write numbers
to 1000, learn to partition them in different ways as well as compare and order them. We
will then move on to addition and subtraction where we will learn to add and subtract three-
digit numbers mentally and using the formal written method, and estimate answers, using
the inverse operations to check. Finally, we will move to multiplication and division where
we will learn methods to solve multiplication and division problem, and learn how to
complete scaling problems.

Our focus times tables this term will be 2's, 5's, 10's, 3's and 4's.

Science

Our focus this term will be **animals including humans**. We will learn about our skeleton
and muscles and the roles of these, as well as the vitamins and nutrients we need to be
heathy. We will then move on to **forces and magnets**, exploring different types of
magnets and their uses in everyday life.

History

As historians this term, we will be exploring the question '**Would you rather live in the Stone
Age, Iron Age or Bronze Age**'. We will learn about what life was like in each of these periods,
and create comparisons between them.

Geography

We will be using our skills as geographers this term to answer the question '**Why do people
live near volcanoes?**' We will be learning about the benefits and the risks of volcanoes,
where and how they are formed, and what makes them erupt.

PE

We will begin this term with developing our fundamental skills for PE (running,
jumping, kicking, throwing catching and coordination. We will then move on to
study net and wall games (netball, tennis, badminton).

PE kits will be needed every Friday

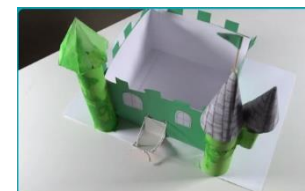

Art

We will be learning about shading and
different drawing techniques and how
to use these to create botanical inspired
drawings.

DT

We will be learning about and identifying
the key features of a castle, before designing
and making a recycled- material castle

French

This term We will be learning how to greet someone and ask how they are in
French, as well as preform a short French rhyme.

We will then be learning about cognates, practising our language skills and
developing confidence through games and creating animal and Christmas
artworks inspired by the cut-outs of French artist, Henri Matisse.
