

HOME SCHOOL VALUES

As a school we have chosen 6 Core Values which we feel are important to consider every day during our school life and in our behaviour towards each other. These are listed below:

In addition, each term the school will also focus on a specific value from the list below during class and assembly time. The staff will also consider the value when planning work for the children so that it becomes an integral part of how everyone in school behaves. The value will be shown on newsletters and in the classrooms. Mrs Chirgwin will be on the lookout for children who have demonstrated the chosen value in their behaviour and will choose her 'Star' each week in Celebration Assembly.

Home School Values is a resource to help schools and parents work together to promote our Values for Life. A photocopied sheet will be sent out each term with ideas of how to talk about the value, some fun activities to try as a family and a story to read from the bible linked to the theme. Please have a look at these and decide which activities are appropriate for your children and have some fun with them!

VALUES FOR LIFE FULL LIST:
